# Today's Agenda

Turn in Assignment 1

Review Assignment 2

Typography

Group Critique

# Turn in Assignment 1

<https://goo.gl/forms/uJgGNmTRZnYeSE532>

# Assignment 2: Portfolio Website

Create a responsive portfolio website for yourself that displays your project work, classes, and information about yourself.

# Examples

- Derek Boateng
- Jessica Svendesen
- Yaron Schoen
- Sam Dallyn
- More

# Web Typography

# Typography on the Web

- Legible
- Readable
- Scannable

# Hallmarks of Good Typography

- Strong hierarchy
- Plenty of white space
- A proportional line length (or measure)

# Fonts in the Browser

- The browser will render fonts that exist on the user's hard drive.
- There are certain 'web safe' fonts that come bundled with most operating systems.
- We can load in 'non-standard' fonts with @font-face or through services like Google Fonts or Typekit.
